Adnan Asger Ali

Physiotherapist

Canberra, ACT

Adnan is the owner and director of Accelerate Physiotherapy in Canberra. He is a dual titled Musculoskeletal and Pain Physiotherapist and has been consulting in the occupational health space for a number of years.

He is an active member of the Australia Physiotherapy Association, serving as the current Deputy National Chair of the Musculoskeletal Group as well as Deputy Chair of the ACT Branch Council. He also presents and tutors on a variety of courses around the country. He is also contracted by Tennis Australia to provide physiotherapy services, including The Australian Open.

His unique skillset and ability to effectively communicate with employers and employees alike allow him to provide simple, workable solutions for all!

CWHA Testimonials

“Awesome Manual Handling Training session conducted at our workshop! The training was customised to suit our business and contained a good mix of theory/practical elements. Highly recommended. Thanks again.”

“The inner-city business for whom I work as Office Administrator recently engaged CWHA to deliver “Sit Safe” training seminars and conduct ergonomic assessments for all our staff. It was a very worthwhile undertaking. The information imparted in the seminars was interesting and applicable. The individual desk checks were thorough and valuable, as was the subsequent comprehensive report.”

“Reps of Corporate Work Health are great at customer service and their responses are prompt and quick. Very accommodating to clients needs and always going above and beyond to find a solution for me and to find a date and time of consultation. Highly recommend them to use for your Ergonomic work health assessments including work from home assessments.”
