Zeb Jarvis

Osteopath

Sydney, NSW

Zeb graduated from RMIT in Melbourne and shortly after moved up to Sydney to practice as an osteopath. He currently works at In Touch Health Co in Gregory Hills.

Zeb comes from a history of multiple sporting backgrounds and has a keen interest in injury prevention, occupational health and wellbeing.

Away from work, Zeb is an avid runner and enjoys exploring time outside at coastal beaches and national parks around the area.

CWHA Testimonials

“Awesome Manual Handling Training session conducted at our workshop! The training was customised to suit our business and contained a good mix of theory/practical elements. Highly recommended. Thanks again.”

“The inner-city business for whom I work as Office Administrator recently engaged CWHA to deliver “Sit Safe” training seminars and conduct ergonomic assessments for all our staff. It was a very worthwhile undertaking. The information imparted in the seminars was interesting and applicable. The individual desk checks were thorough and valuable, as was the subsequent comprehensive report.”

“Reps of Corporate Work Health are great at customer service and their responses are prompt and quick. Very accommodating to clients needs and always going above and beyond to find a solution for me and to find a date and time of consultation. Highly recommend them to use for your Ergonomic work health assessments including work from home assessments.”
